### STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of South Newmarket, qualified to vote in town affairs :

You are hereby notified to meet at the Town Hall, in said town, on second Tuesday, of March next, at ten of the clock in the forenoon, to act upon the following subjects :

1. To choose three selectmen, Town treasurer, and clerk.
2. To choose a collector of taxes, and all other necessary town officers and agents, for the year ensuing.
3. To raise such sums of money as may be necessary for the support of schools ; for paying the town debts and defraying the interest thereon, and for other necessary charges arising in said town, and to establish and maintain public libraries.
4. To hear the reports of the town treasurer and board of selectmen to the town auditors ; the reports of the auditors, agents, committees, or other officers heretofore chosen or appointed, and to pass any vote relating thereto.
5. To see if the town will accept and adopt the provisions of an act which has been introduced at the present session of the Legislature of this State and will be enacted by it, regarding the establishment of water works in this town, and to take such action, pass such votes, and to raise such sums of money

as may be necessary to construct and establish the same, if deemed best.

6. To see if the town will vote to accept the conditions proposed by the State, in regard to the establishment of public libraries.

7. To see if the town will vote to put steam heat into the town hall, and to raise and appropriate money for the same.

8. To see if the town will vote to build a tomb, and to raise and appropriate money for the same.

9. To see what action the town will take in regard to enlarging the Piscassic cemetery and making improvements on the same, also improvements on the old cemetery near the Junction already enlarged, and to raise and appropriate money for the same.

10. To transact all other business which may come before said meeting.

Given under our hands and seal this twenty-seventh day of February, A. D. 1893.

ANNUAL REPORT  
OF THE  
SCHOOL BOARD  
OF THE  
TOWN OF SOUTH NEWMARKET.

---

Both statute and custom require that annual school reports shall be made to the town and to the State Department of Public Instruction. The School Committee respectfully submit to the citizens of the town the following report. It will exhibit an account of the financial affairs of the district, together with a statement of the condition of the several schools in town.

SCHOOL MEETING.

The annual school meeting was held at the town hall, March 12, 1892. James W. Robinson was chosen moderator, Wm. H. Garland clerk, and George W. Pollard auditor. William H. Conner was elected a member of the School Board for one year, and James H. Fitts for three years.

ORGANIZATION.

The School Board organized March 14, 1892, and chose the following sub-committees: Augustus W. Richards on Piscassic

school, William H. Conner on finance and repairs, James H. Fitts on superintendence, text-books and supplies. The school buildings were considered to be in so good repair and so amply furnished as to require little if any outlay. It was judged best to secure teachers from our own town, and to continue the Grammar school under the tuition of a female teacher. Each member of the committee has continued to fill his specific office throughout the year.

#### SCHOOLS AND TEACHERS.

Our schools have done good work the past year. The several teachers have had charge of their respective schools during the entire school year. Your committee have no need to particularize their distinctive merits and the uniform success which has crowned their labors. The faithful teacher and enthusiastic pupils of the Grammar school have done themselves much credit and redeemed anything that may have been lacking in the reputation of the school. No one can question the expediency of continuing this school under something like the present arrangement.

It seems desirable that the school year of study should close with the spring rather than the winter term. The winter term is short, is of least importance, and often ends in bad weather and with roads almost impassable. The spring term is more important; the upper classes graduate, others are promoted and new classes are formed. The higher institutions in the land close with the spring season.

Good health has prevailed quite generally in our families; all visits and closing examinations of the schools have been very satisfactory; examination papers have been used with fidelity on the part of pupils and with evident good effect; teachers, scholars, committee, parents and friends have heartily cooperated; our schools are worth all they have cost and are worthy of our pride and liberal support.

## TEXT-BOOKS.

The text-books now in use are Harrington's speller, new Franklin readers, Swinton's grammars, Butler's geographies, Colburn's and Robinson's arithmetics, Harper's penmanship, Barnes' and Swinton's histories, Meservey's book-keeping and political economy, Hutchinson's physiology, Lockwood's rhetoric, Wentworth's algebra, Wells' philosophy.

## SCHOOL EVENTS.

Three of our teachers attended the Strafford County Teachers' Institute at Great Falls, two days, April 21st and 22d.

The Centre schools were called upon to assist in the exercises of Memorial Day, by recitations and singing, May 30th.

Our schools observed the National Columbian Public Celebration, October 21st. The official program was carried out at Piscassic and at the Centre. Assistance was rendered by members of the Grand Army of the Republic, the clergymen, drum corps, and citizens of the town. In the forenoon at Piscassic the new flag was raised by members of the Grand Army, cheered by the citizens and saluted by the pupils. All joined in singing America and song of Columbus Day. The address for Columbus Day was read by Charles H. Reynolds; the Ode was recited by Alice B. Huse; other readings and recitations were by Lillian Burley, Nellie M. Hanson, May E. Osgood, Clara F. Pierson, Alice M. Reynolds, Bertha M. Sanborn, Helen A. Sanborn, Roscoe Shannon. Rev. Edward Smiley spoke of Columbus as a boy. Remarks were made by several citizens of whom there were fifty-six present. At the Centre in the afternoon, all the schools joined in the procession with badges, flags, and martial music. All united in raising, cheering, and saluting the flag. The Columbian Address was declaimed by Charles J. Leddy and, in the abbreviated form, by Louis B. Freeze. The Ode for Columbus Day was recited by Evelyn G. Hayden. Other exercises were a lesson in history

by the Intermediate school, and recitations by four pupils of the Primary school. Rev. Edward Smiley spoke of Columbus as a man. Rev. A. L. Smith was chaplain of the day. Mr. Charles E. Smith and Mr. H. Jenness Paul spoke both forenoon and afternoon. Sung America, song of Columbus Day, To Thee O Country, Glory Hallelujah. The drum corps were in attendance during the day. The Town Hall was well filled.

There was another interesting gathering of the schools in the Town Hall, Wednesday evening, January 18, 1893. The Rev. Edward P. Tenney delivered an illustrated lecture entitled Young America Abroad, A Trip Round the World in Sixty Minutes. The lecture was finely delivered, well patronized, and highly appreciated by pupils and citizens. A pleasant episode was the subsequent review of the lecture by the Grammar school as an exercise in history and geography.

## School Warrant.

---

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the school district in the town of South Newmarket, qualified to vote in district affairs.

You are hereby notified to meet at the town hall in said district, on the eighteenth day of March, 1893, at seven o'clock in the afternoon, to act on the following subjects.

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To hear the report of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
5. To choose agents, auditors, and committees in relation to any subjects embraced in this warrant.
6. To see how much money the district will raise and appropriate for the support of the schools.
7. To transact all other business which may properly come before the meeting.

Given under our hands at said South Newmarket, this twenty-eighth day of February, 1893.

### AUDITOR'S REPORT.

This certifies that the undersigned has examined the accounts of the Selectmen, Treasurer and Road Agents, and finds them correctly cast and properly vouched.

S. E. WILLIAMS, Auditor.

## REPORT OF THE JUNCTION CEMETERY COMMITTEE.

At the annual town meeting, March 14, 1893, the town chose a committee "to lay out and improve and fence the enlargement of the cemetery near the Junction subject to the approval of the selectmen."

Your committee report progress. They employed Arthur W. Dudley of Brentwood as surveyor, and fixed the boundaries of the new cemetery, and secured tentative plans for laying out family burial lots. They have removed the old walls from the front and the north end of the cemetery, and built a substantial wall on the west side of it. On the front they have graded the ground, made a side-walk and placed heavy curbstones, properly drilled for an iron rail fence. There is needed the securing of this iron fence and corresponding gates, and also a wooden fence for the south end of the cemetery. Probably something expended in grading the walks and improving the lots would be amply returned to the town treasury by parties purchasing lots.

Respectfully submitted,

# Selectmen's Report.

---

In submitting reports for the year ending February 15, 1894, we respectfully refer to such features of the record as appear to merit special attention.

## TAX DISCOUNTS.

The failure of the town to provide for discounts on taxes, suggested questions upon which legal counsel was taken. The Board was advised that neither the Selectmen, nor a special town meeting, had authority to make tax discounts ; but that the sum appropriated by the town as an offset to contemplated discounts, could be covered into the treasury and made available for contingent expenses.

## TOWN OFFICE.

On the 21st of March the building next north of the Congregational Church was leased as a town office. Semi-monthly meetings for the transaction of current business have been held during the year. This arrangement has facilitated prompt and systematic dispatch of business and proved a convenience to officers and citizens of the town. We recommend a renewal of the lease, and an appropriation to provide for incidental expenses and suitable furniture for said office.

## ROAD AGENTS.

It was found impracticable for the gentlemen chosen at the last annual meeting as Road Agents to qualify and act as a Board. Subsequently these gentlemen entered into an agreement making division of territory, money and management. The road work for the year has been conducted under this arrangement.

Whether the public interests would be better served by one Agent for the entire town, or by three as at present, and whether in the latter event the men chosen should be required to qualify and organize as a Board, are questions submitted to the deliberate judgment of the town.

## CEMETERIES.

The care of the Village Cemetery and some improvements made with consent of the owner have involved an expenditure of \$47.93, charged to the Walker fund. An adjustment of title by which the town would obtain legal control of the rights of way and appurtenances at this cemetery would, in our opinion, promote the public interests; proposals to effect this change are under consideration by the present owner of the property. The enlargement of the Piscassic Cemetery, authorized by the town, has been made. The land purchased has been improved by a bank wall on the road front and a substantial running wall upon the north and east sides. The total expense of this improvement, including cost of land, was \$190.62.

The appropriation of \$500 for improvement of the Junction Cemetery has been expended. The disposal of bills incurred in excess of the sum named, and the question of further appropriations for the work at that cemetery are matters for action at the ensuing town meeting. Special attention is invited to the report of the committee to whom the improvements were intrusted by vote of the town.

## RAILROAD TAXES.

The tax statement rendered by the State Treasurer (under date of November 25, 1893,) showed a shrinkage of \$721.84 in railroad taxes as compared with 1892. In answer to inquiry by the board, the Treasurer (under date of December 4) explained that last year this town "was allowed the tax on 875 shares Dover & Winnipiseogee stock, held by Amos Paul as trustee, at 85 cents per share, amounting to \$743.75. This year there is no Dover & Winnipiseogee Railroad, it having been consolidated with the Boston & Maine." Incident to the settlement of accounts with the State Treasurer, the Chairman of the board submitted a series of questions which elicited information showing that the tax upon property of the Concord & Portsmouth road lying in this town was credited and paid to Newmarket. The claim of this town was subsequently presented to the officers of the Concord & Montreal road, who make valuation returns to the State of Concord & Portsmouth property. On the 30th of December a letter was received from the Treasurer of the Concord & Montreal road stating that "Having

investigated the matter, we find that the line of the Concord & Portsmouth railroad is located in the town of South Newmarket, and not in the town of Newmarket as we have reported it. Our returns to the State for 1894 will be corrected to read South Newmarket." Hon. E. G. Eastman, as counsel for this town, reported by letter, dated January 26, 1894, that the Concord and Portsmouth tax prior to 1890 was paid to this town and that for the years 1890, '91, '92 and '93 had been paid to Newmarket to the amount of \$494.30. A claim for this sum has been presented to the Selectmen of that town, and, under advice of counsel, is embodied in the financial statement herewith.

#### WATER WORKS.

The committee on water works filed a report Dec. 22, stating that it was unanimously voted "That in view of the state of business in town it is inexpedient to take any action at present."

#### PUBLIC LIBRARY.

Attention is invited to the instructive report of the Library Trustees. The Public Library as a new and deserving institution is commended to friendly patronage and generous support.

#### FINANCIAL.

The report of the treasurer gives in detail the receipts and disbursements of the year.

An analysis of the records of the Board and of the Treasurer's accounts show that of the items charged as miscellaneous \$1,068.79 were in payment of obligations incurred prior to March 14, 1893, including the note of \$800.00 provided for by appropriation.

The Board holds that the disbursements of public money should be limited to the amounts named in specific appropriations, except when necessary to meet obligations enjoined by law, or required by contingent public interests.

We are of opinion that, notwithstanding the permanent reduction of \$743.00 in railroad taxes as above noted, the sum of \$4,500 wisely appropriated and judiciously expended will meet the requirements of the town for the ensuing year.

# Town Warrant.

{ L.S. }

STATE OF NEW HAMPSHIRE.

*To the Inhabitants of the Town of South Newmarket qualified to vote in town affairs.*

You are hereby notified to meet at the Town Hall in said Town on the Second Tuesday of March next, at ten of the clock in the forenoon, to act upon the following subjects :

1. To choose three Selectmen, Town Treasurer, Clerk and Auditors.

2. To choose a Collector of Taxes and all other necessary town officers and agents for the year ensuing.

3. To raise such sums of money as may be necessary for the support of schools ; for paying the town debts and defraying the interest thereon, and for other necessary charges arising in said town ; to maintain the public library.

4. To hear the reports of the Town Treasurer and Board of Selectmen to the town Auditors ; the reports of the Auditors, Agents, Committees, or other officers heretofore chosen or appointed, and to pass any vote relating thereto.

5. To see what disposal the town will make of bills incurred at the Junction Cemetery in excess of the \$500.00 appropriated last year ; and what sum of money will be raised to continue or complete improvements upon said cemetery.

6. To see if the town will authorize renewal of lease upon building used as "Town Office" and make appropriation for office furniture and expenses.

7. To see if the town will authorize the building of fences against or upon private property, with consent of owner, for the purpose of reducing the expense of breaking roads in winter.

8. To transact all other business which may come before said meeting.

Given under our hands and seal this twenty-third day of February, A. D. 1894.

## Report of Public Library Trustees.

---

The New Hampshire legislature passed an act, approved April 11, 1891. "To Promote the Establishment and Efficiency of Free Public Libraries," and provided for the appointment of a State Board of Library Commissioners to carry the act into effect. The town of South Newmarket, under a special article in its annual warrant, March 14, 1893, "Voted to accept the conditions proposed by the state in regard to public libraries," and "appropriated \$50.00 for the use and maintenance of its Free Public Library." The Selectmen, April 14, 1893, qualified three persons as Library Trustees "for the care, custody and distribution of the books furnished by the state in a manner satisfactory to the State Board of Library Commissioners." The trustees have attended to the duties assigned them.

Josiah H. Whittier, secretary of the State Board of Library Commissioners, April 18, 1893, called upon the Trustees to pledge the town to establish a Free Public Library, to appropriate annually a sum not less than \$25.00 for the use and maintenance of said library, to secure a fitting place for keeping the library, to appoint a librarian, to make suitable regulations for cataloguing, shelving and circulating the books, and to insure the books received by gift from the state. Upon complying with these conditions, the state would furnish the town books to the value of \$100.00.

By the kindness of Mr. C. B. Stuart, a place for the Library was secured in his store, where it is of comparatively easy access. One hundred volumes were received from the State in the month of August. The Ladies' Book Club of South Newmarket generously placed their valuable library of 408 volumes in the care of the Trustees in December. The heirs of Dr. John M. Brodhead also placed his private library in the custody of the Trustees to be guarded and circulated in the town. From this source there have been secured 520 volumes of standard authors in superior binding

and of great value. Other volumes of a miscellaneous character, comprising many Congressional reports and documents, are in store for the service of special inquirers. Additional volumes to the number of 33 have been received from various sources.

Donors of books, 1893: State of New Hampshire, 100; South Newmarket Book Club, 408; John M. Brodhead library, 520; estate of George O. Paul, 14; estate of Ezekiel Sanborn, 12; estate of Mrs. Ezekiel Sanborn, 2; Miss Harriet E. Sanborn, 1; Miss C. A. Brodhead, 1; Mrs. O. C. Sanborn, 2; Wilbur A. Littlefield, 1; total, 1061.

Volumes, to the number of 737, have been catalogued, classified, labelled and placed before the public: A—Arts and Industries, 11; B—Biography and Family History, 108; D—Drama and Poetry, 24; F—Fiction, 286; H—History, 119; J—Juvenile, 42; L—Literature, 22; M—Miscellaneous, 15; P—Periodicals, —; R—Reference, 11; S—Science, Philosophy and Natural History, 22; T—Theology, Sociology and Religion, 15; V—Voyages, Travels and Researches, 62: total, 737.

The whole number of books now on the shelves of the library for consultation and delivery is 1061. They were insured to the value of \$1000 February 20, 1894.

The Library was opened for the circulation of books, September 23, 1893. The following persons were the first to apply for distribution cards and to receive books on the evening of the opening: Lewis C. Hall, Charles J. Leddy, Susie M. Stuart, George E. Andrews, Mrs. Ina S. Stuart. Distribution cards have now been issued to 176 persons; three of these persons have moved from the town and one card has been called in. The Library has been opened 22 days. The average weekly circulation has been 50 volumes; average monthly circulation, 219 volumes. The smallest weekly circulation, September 30, 1893, was 3 volumes; the largest, February 3, 1894, was 87 volumes. The smallest monthly circulation, September, 1893, was 9 volumes; the largest January, 1894, was 265 volumes. The percentage of fiction read has been .446; of other classes .554.

The avidity with which these books have been sought proves that this movement for a free public library was not entered upon too soon. The Trustees and other willing helpers feel themselves

richly compensated for the time and labor they have spent by witnessing this eager patronage of the Library, and they feel sure that it promises to be worthy of the pride and fostering care of all our citizens.

SOUTH NEWMARKET, February 21, 1894.

# Annual Report of the School Board

OF THE TOWN OF SOUTH NEWMARKET, 1893-4.

---

The School Board respectfully submit their Annual Report. It will present an account of the financial affairs of the district, together with a statement of the condition of the several schools in town, and form the basis of the report to the State Department of Public Instruction.

## SCHOOL MEETING.

The Annual School Meeting was held in the town hall, March 18, 1893. James W. Robinson was chosen moderator, George W. Pollard, clerk and auditor. William H. Conner was elected a member of the school board for three years. All persons having the other qualifications for suffrage, are entitled, without regard to sex, to vote in school affairs.

## ORGANIZATION.

The School Board organized March 20, 1893, and chose the following sub-committees: Augustus W. Richards on Piscassic school, William H. Conner on finance and repairs, James H. Fitts on superintending text books and supplies. It was judged best to employ the same teachers and pay the same wages as last year.

## SCHOOL BUILDINGS.

The Grammar school room has been furnished with a book-case to contain the school supplies for the town. The Piscassic school house and wood shed have been shingled, and the school room furnished with a new stove. Teacher's chairs have been placed in the Grammar and Piscassic schools.

## SCHOOLS AND TEACHERS.

Three of our teachers have had charge of their respective schools during the entire school year. Miss Bertha J. Hobbs, at the close of the spring term, tendered her resignation as teacher of the Intermediate school, and Miss R. Althea Todd was elected to the

position. Miss Hobbs had charge of the school for many successive terms, to the entire satisfaction of the patrons and great benefit of pupils. She writes :

"I leave the work with appreciation of the good will shown me throughout my long term of service, not only by School Board but by pupils and parents."

Miss Todd enters upon her duties with marked enthusiasm, fidelity and success. Other teachers have maintained their accustomed interest and efficiency throughout the year.

Sickness has interfered with individual attendance without interrupting the regular routine of school life. *La grippe* and dreaded scarlet fever have been somewhat prevalent. Three families in which the fever appeared were closely quarantined for many weeks. These vigorous measures of the Board of Health restricted the disease to the families first afflicted and entirely crushed out the disorder. One bright boy, Percy F. Hall, died March 17, 1893, at the age of six and one-half years. During the days of ill health on the part of teachers, Mrs. Margaret E. Riley kindly acted as substitute teacher and proved that she has lost none of her wonted skill and efficiency in the school room.

#### TEXT BOOKS.

The text books now in use are Harrington's speller, Franklin readers, Swinton's and Patterson's grammars, Butler's geographies, Colburn's and Robinson's arithmetics, Harper's penmanship, Barnes' and Swinton's histories, Meservey's book-keeping, Hutchinson's physiology, Hart's rhetoric, Wentworth's algebra, Mowry's civil government, Well's philosophy.

#### SCHOOL EVENTS.

Our teachers attended the Teachers' Institute at Robinson Female Seminary, Exeter, May 11 and 12, 1893.

The schools at the Centre took an acceptable part in the services of Memorial Day, May 30, 1893. Most of the exercises were by the pupils.

A pleasant gathering in which all the schools expected to participate was held in the town hall, June 23, 1893. The day proved exceedingly stormy, and prevented the attendance of scholars from Piscassic school, which was represented only by the teacher. A

large audience, however, assembled and was highly entertained by exercises from the pupils. Twenty-four parts were presented, consisting of singing, recitation, dialogue, composition and calisthenics, in which the actors did themselves great credit.

The Grammar school added to the money raised from the lecture by Rev. E. P. Tenney, January 18, 1893, and purchased in September a set of beautiful minerals for the cabinet, which they exhibit with commendable pride.

The Intermediate school placed a fine picture of George Washington on the wall of the school room, which they uncovered to their friends at the closing examination of the winter term, February 16, 1894.

One member of the School Board and three teachers attended the Teachers' Institute at Thompson Hall, Durham, January 11, 1894.

## CONCLUSION.

It is becoming the custom in many quarters to criticise our common school system as failing in accomplishing its object. Sad conclusion, if true ! but it is not true. No well informed person claims that our schools are absolutely perfect in their working, but they are far from failures and are improving continually. Supervisors are constantly working to secure enlarged success. Defects are being disclosed and corrected speedily. Appropriations are larger than ever before. More attention is being paid to constrution of school buildings, to furnishings, to sanitation and to methods of instruction. Our schools were never so worthy the confidence of the community as now.

The American people, especially those of moderate incomes, owe it to their children, to carefully cherish and judiciously defend the public schools. They are the people's colleges. In them the great majority of our citizens needs must be educated. In them let it still be our ambition to train up intelligent freemen fitted for an enlightened, progressive, Christian civilization.

# Report of the Cemetery Committee.

---

The town at its annual meeting, March 13, 1894, appropriated the sum of \$300.00 to be expended in improvements on the Junction cemetery. The committee met for organization at the town office, April 30. J. H. Fitts was chosen chairman, Jeremiah Towle was chosen foreman, and Thomas Leddy was chosen treasurer. It was decided at this meeting to fence the south end and to grade the grounds, driveways and walks of the cemetery.

At a joint meeting of the Selectmen and committee, at the town office, May 26, a plan for laying out the cemetery, including a soldiers' memorial lot, was presented and accepted. Mildred Pease was the first person buried in the new cemetery, on July 3, 1894. The Selectmen and committee on July 17th fixed the price of lots, named the several avenues, and agreed to call the cemetery the Newfields Cemetery.

The committee has expended in fencing and grading the sum of \$273.85, and returned to the town treasury the balance of \$26.15.

We recommend that the further care and improvement of the cemetery be left to the Selectmen, and that the board be authorized to provide a front fence as contemplated by plans, provided that the expense thereof shall not exceed \$300, and that the amount be reimbursed from the sale of lots.

Respectfully submitted,

# Annual Report of the School Board

OF THE TOWN OF SOUTH NEWMARKET, 1894-5.

---

The annual school meeting was held in the town hall on March 17, 1894. James W. Robinson was chosen moderator, and George W. Pollard, clerk. Augustus W. Richards was elected a member of the School Board for three years. George W. Pollard was chosen treasurer, and Albert Field, auditor.

## ORGANIZATION.

The School Board met for organization March 20, 1894. The following sub-committees were chosen: Augustus W. Richards, on Piscassic school; William H. Conner, on finance and repairs; James H. Fitts, superintendence, text-books and supplies. At this meeting Abbie A. Pease was elected teacher for the Grammar school, R. Althea Todd, for the Intermediate school and Harriet E. Sanborn, for the Primary school. In considering the application of Augustus W. Richards as teacher for the Piscassic school, the following communication was received from Attorney General Eastman.

EXETER, N. H., March 19, 1894.

WILLIAM H. CONNER, ESQ.,

South Newmarket, N. H.

*Dear Sir:* I do not think that a person can be a member of the School Board and teach a school in town at the same time.

Yours truly,

EDWIN G. EASTMAN.

Thus we were compelled to give up a teacher who began his services as early as 1878, and had gained a high reputation as an educator among us.

At a meeting of the School Board, March 26, 1894, the bonds procured by George W. Pollard as treasurer were voted satisfactory. George W. Stillson was duly appointed truant officer for the school year 1894-5. Mrs. Margaret E. Riley was selected as teacher for the Piscassic school.

#### TEXT BOOKS.

The text books now in use are Harrington's speller, Franklin readers, Patterson's grammars, Butler's geographies, Robinson's and Wentworth's arithmetics, Duntonian penmanship, Barnes' and Swinton's histories, Meservey's book-keeping, Hutchison's physiology, Hart's rhetoric, Wentworth's algebra, Mowry's civil government, Well's physiology, Allen and Greenough's Latin grammar.

#### SCHOOLS AND TEACHERS.

The several schools in town began on April 2, 1894. They have continued three terms, amounting to thirty-two weeks each in the Grammar, Intermediate and Primary schools and to thirty-three weeks at Piscassic.

No extra outlay has been incurred in repairing or furnishing the school buildings during the year. The placing of much needed blackboards of slate in the Grammar school has been deferred.

The following letter was received near the beginning of the fall term :

SOUTH NEWMARKET, August 4, 1894.

REV. J. H. FITTS,

*Dear Sir:* I hereby resign my position as teacher in the Grammar school of the town, to accept a much better position at Farmington, N. H. I am sorry not to give you a longer notice, but my election at Farmington did not occur till Friday. I resign with much regret the pleasant school I have had here and think it very doubtful if I find as good a class of scholars elsewhere. Thanking the School Board for many kindnesses received,

I am

Very truly yours,

ABBIE A. PEASE.

Again we were called to give up a teacher who had done good work in her school and had won the universal good will of pupils

and patrons. In about two weeks fourteen applications for the school were received from Maine, New Hampshire, Massachusetts, and Ontario, Canada. The position was assigned to Elizabeth H. Richards, one of our own scholars.

#### SCHOOL EVENTS.

*Arbor Day, May 9*, was observed in accordance with the recommendation of the State Superintendent of Public Instruction. The scholars at Piscassic cleared up the grounds, planted a flower-bed and held exercises of speaking, reading and recitation. At the Centre the school grounds were cleared up, the shade trees were looked after, and appropriate exercises were held in front of the Grammar school building by the three schools uniting. The exercises consisted of singing, readings, recitations and general class exercises.

*May 11, 1894*, our teachers attended the Institute held at the Sanborn Seminary, Kingston, under the supervision of State Superintendent Fred Gowing, Esq.

*May 30, 1894*, was Memorial day, in which the schools at the Centre took a principal part to general satisfaction.

*In October, 1894*, our teachers made arrangements to attend a course of art lectures at the Robinson Female Seminary in Exeter, and at the same time to continue their schools.

*Public Examinations* were held at Piscassic on Thursday, June 21, and on Thursday, Dec. 6, 1894. Many visitors were present to listen to creditable exercises in grammar, parsing, analysis, recitation, declamation and dialogues. The school-room was adorned with flowers and evergreen.

The Centre schools held an exhibition in the town hall on Friday, June 22. The event was greatly appreciated by the large audience which filled the hall. The room was finely decorated with flowers, pot-plants and evergreen.

Closing examinations occurred at the Centre, on Friday, December 7. The Primary school gave songs and readings from the chart, the Intermediate scholars recited in history and physiology and presented songs, declamations and recitations, with an essay on Oliver Wendell Holmes and extracts from his writings. The

Grammar school furnished interesting and thorough examinations in algebra and the Latin reader.

#### CONCLUSION.

Our teachers by their skilful management and our pupils by their faithful study, have highly commended themselves to the kindly interest and continued support of friends and patrons. The teacher and scholars in the Intermediate school during the autumn term were afflicted by the prevailing whooping-cough and mumps. All of the schools in the Centre were closed one week sooner than first planned on account of a few cases of diphtheria in the village. Mildred Pease died of consumption, July 1, 1894, at the age of twelve years, and was the first person buried in the new cemetery at the Junction. Her funeral was attended by teacher and pupils. She loved her school and had been present every school-day for four years.

In our present financial embarrassment and the diminishing number of our pupils, it is difficult to forecast what the coming school-year may wisely demand. Let us see to it that our schools do not bear their undue proportion of the reduced town appropriations.
